PART A: STRATEGIC OVERVIEW

1. ESTABLISHMENT OF THE DISTRICT

1.1 Location and Size

The Afigya Kwabre North District Assembly (AKNDA) is established by Legislative Instrument (L.I.) 2334, 2017 and is located in the central part of the Ashanti Region covering an area of approximately 228.0km² representing 0.94 percent of the entire region (24,370.5km²). It lies between Longitude 1°40'W and 1°25'W and Latitude 6°50'N and 7°10'N. The District shares boundaries with five districts, in the North with Ejura-Sekyedumasi Municipal, Afigya Kwabre South District to the South, Sekyere South District to the East and Atwima Nwabiagya North and Offinso South Municipal to the West all in the Ashanti Region. The location of the District falls within the forest zone of Ghana.

The District was carved out from the defunct Afigya Kwabre District Assembly in 2017 under the New Patriotic Party (NPP) in pursuance to the decentralisation programme in Ghana. This was to bring governance to the doorstep of the people to enhance the decentralisation process started in 1988. The AKNDA was inaugurated on Thursday, 15th March, 2018. Its capital is sited at Boamang, about 55.0 kilometres from Kumasi and lies 12.0 kilometres from Kumasi-Offinso-Akomadan highways. The District has 31 settlements (27 communities), which are divided into Three (3) Area Councils and further sub-divided into 15 Electoral Areas. Politically and administratively, the District covers the entire Afigya Kwabre North Consistency. Some of the notable communities in the District include; Denase, Akom, Nkwantakese, Esaase, Ahenkro, Kwamang, Amoako, Boamang, Maase, Kyerekrom, Nsuotem, Abroma, Penteng, Soko, Akom, Tetrem and Kyekyewere.

1.2 Population Structure

According to the 2010 Population and Housing Census (PHC), the Afigya Kwabre North District has a total population of 62,529, which accounts for 1.3 percent and 0.3 percent of the population of Ashanti Region and Ghana respectively. Using the growth rate of 1.09 percent, the population of the District is projected at 67,487 in 2018, 68,226 in 2019, and 70,494 in 2020 (using the

Exponential Method of Population Projection). This suggests that the District has the potential to increase in size and grow to support any development in the District.

Out of the District's total population, the proportion of female population is 50.9 percent (34,359) and that of male population is 49.1 percent (33,131). This gives a sex ratio of 96.4 indicating that for every 96 males there are 100 females.

The proportions of children (less than 15 years) constitute 43.0 percent, youth (15-24 years) constitute 17.6 percent, and the aged (65+ years) constitute 4.6 percent. This means that the young population (0-24 years) accounts for a little more than three-fifth (60.6%) of the District's total population, which has a great potential for socio-economic development. Comparatively, the District's population pyramid mirrors that of the regional and national pyramids and is a typical developing and rural district. The District's young population of 60.6 percent is higher than both the region (58.4%) and national (58.3%). Likewise, the proportion of children (less than 15 years) representing 43.0 percent is higher than both regional and national averages of 37.7 percent and 38.3 percent respectively. This implies that there is a high and increasing youthful and growing population, which has implications on development issues such as education, health, recreation, environment, sanitation, security and safety.

In totality, the District's proportion that form the dependency age group (less than 15 years and 65+ years) is 47.6 percent compared to the working age group (15-64 years) of 52.4 percent. The age dependency ratio of the District is 90.8 percent, which is higher than the regional average of 72.5 percent and national average of 75.6 percent. This implies that every 100 persons aged 15-64 years (working age group) support about 91 dependents (children and aged) in the District. This suggests that those in the working age group carry a heavier burden of supporting many dependents in the District.

2. VISION OF THE DISTRICT ASSEMBLY

To become a highly professional and responsive Local Government Authority that provides basic public services which meet the development needs of the people within the District.

3. MISSION STATEMENT OF THE DISTRICT ASSEMBLY

The Assembly exists to strategically formulate plans and programmes through citizens' participation for effective mobilization of human, material and financial resources for development. This should bring about a qualitative change in the physical environment and the livelihoods of people in the District.

4. GOAL

The development goal of the Afigya Kwabre North District Assembly is to achieve rapid and sustainable growth and improved living conditions through addressing the infrastructural, socio-economic and other identified development gaps in the District.

5. CORE FUNCTIONS

The functions of the District Assembly, like all other MMDAs, basically derived from its Legislative Instrument 2334, 2017 as mandated by the Local Governance Act 2016, Act 936 and the Legislative Instrument 1961, 2009. The Assembly exercises political and administrative authority, provides guidance, gives direction to, and supervises all other administrative authorities in the District. In addition, the Assembly exercises deliberative, legislative and executive functions as outlined in the Act 936. These functions, which are broadly aimed at attaining the vision and fulfilling the mission of improving the quality of life of the people in the District as stipulated in Section 12 to 16 of the Local Governance Act 2016, Act 936, are to:

- Be responsible for the overall development of the District.
- Formulate and execute plans, programmes and strategies for the effective mobilisation of the resources necessary for the overall development of the District.
- Promote Local Economic Development (LED) activities in the District.
- Promote and support productive activity and social development in the District and remove any obstacles to initiative and development.
- Sponsor the education of students from the District to fill particular manpower needs of the District especially in the social sectors of education and health.

- Initiate programmes for the development of basic infrastructure and provide municipal works and services in the District.
- Be responsible for the development, improvement and management of human settlements and the environment in the District.
- Be responsible for the maintenance of security and public safety in the District.
- Ensure ready access to courts in the District for the promotion of justice.
- Act to preserve and promote the cultural heritage within the District.
- Monitor the execution of projects under approved development plans and assess and evaluates their impact on the people's development, the District and National economy.
- Initiate, sponsor or carry out studies that may be necessary for the discharge of any of the duties conferred by this Act or any other enactment.
- Perform any other functions that may be provided under another enactment.

6. DISTRICT ECONOMY

a. AGRICULTURE

The District's economy is regarded as agrarian, largely due to the sector's contribution to employment generation and employing 74.5 percent of the economically active persons 15 years and older. Thus, agriculture plays a vital role in the socio-economic development of the District. The key agricultural sub-sectors include crops, livestock, fisheries, agro-forestry and non-traditional commodities. The farming practices in the District include mono-cropping, mixed cropping and mixed farming. Comparatively, the District's proportion (74.5%) is considerably higher than the regional average of 36.6 percent and national average of 45.8 percent. In addition, 29.6 percent of all households engaged in agriculture are into multiple farming activities in the District and it is estimated that 75.0 percent of income of the people comes from Agriculture. Currently, the Extension-Farmer ratio is 1:2,580, which makes it difficult to offer efficient and effective services compared to the acceptable standard of 1:300 farmers. The Agriculture Department of the District has identified this human resource gap as affecting the agricultural productivity in the District. The few officers also face with the problem of inadequate logistics such as motorbikes for regular field inspection and visits. In order to deliver effective and efficient services to clients, the Agriculture Department has administratively

divided the District into 13 operational areas being manned by the eight Agricultural Extension Officers. The services normally rendered to farmers are geared towards sustainable agricultural production.

b. MARKET CENTRE

Markets provide avenues for transactions in the buying and selling of goods and services. They also contribute significantly to the Assembly's Internally Generated Fund. The District has over four (4) market centres but all of them have no ultra-modern market facilities. The District has four weekly market days at Kyekyewere (Fridays), Tetrem (Tuesdays), Ahenkro (Mondays), Boamang (Fridays). About 75.0 percent of the District have access to these periodic markets. Despite the existence of these facilities, there is still the challenge of post-harvest losses in the District, which can largely be attributed to lack of storage system and processing facilities.

Middle women mainly from Kumasi, Suame, Agona and Offinso play an important role in the marketing of agricultural produce in the District. Most of the farmers sell off their produce to these middle women and men on market days which they in turn sell at urban markets within and outside the District. Unfortunately, these middle women dictate the prices of the agricultural produces and in most cases the negotiations are unfavourable to the farmers. There is, therefore, the need to promote the patronage of the locally produced foodstuffs by the School Feeding Programme, Second Cycle Institutions and among others.

c. ROAD NETWORK

The District has estimated road network coverage of 223.0km. Out of this, 172.6km representing 77.4 percent are engineered and 50.4km (22.6%) are un-engineered. These feeder roads linked up the agricultural production centres and major settlements in the District. However, there is the need to undertake routine and periodic maintenance on these roads. There is a truck road linking the District's Capital to the Kumasi-Offinso-Akomadan Highways. The Table below shows the level of road network in the District.

Road Class	Roads	Condition of Road
1st Class	• Kumasi-Denase-Ahenkro-Offinso Road	Good
2nd Class	• Boamang-Offinso Road • Maase-Adukro-Oyera Road • Amoako-Domeabra-Agona Road • Akom-Nkwantakese Road	Fair
3rd Class	• Ahenkro-Kwamang-Boamang-Tetrem-Kyekyewere Road • Denase-Esaase-Pampatia-Penteng Road • Amponsahkrom Junction-Amponsahkrom • Boamang-Soko-Abroma-Adukro • Abidjankrom Junction-Abidjankrom • Kwamang-Duaponko Road • Banko Junction-Banko Road • Prabon Junction-Prabon Road	Bad

d. EDUCATION

There are 101 basic schools (35–KG, 35–Primary and 31–JHSs) in the District for the 2019/2020 academic year including public and private schools. These are grouped into five educational circuits. These schools give a coverage/accessibility rate of 78.5 percent with an average walking distance of 3.7km. There are four Senior High Schools (SHSs) in the District located at Ahenkro, Boamang (Yet to be absorbed by Government), Tetrem and Kyekyewere. The Ghana Education Service has certified all these institutions. These public and private educational institutions provide human resources development opportunities for children and youth in the District.

e. HEALTH

Health delivery in the District is through nine (9) health facilities made up of five (5) health centres located at Ahenkro, Kwamang, Boamang, Tetrem and Kyekyewere, and four (4) CHPS Compounds located at Nkwantakese, Adukro, Nsuotem and Amponsahkrom. The only private health facility is a maternity block located at Denase. Each facility covers at least nine communities with an average travelling distance of 11.5km. The District has no hospital. Therefore, the Assembly, as part of Government Policy of Agenda 88, has allocated 15 acres of land for the construction of the District Hospital at Boamang. There is no medical doctor in the District. The facilities are manned by Physician Assistants with the support of general registered and community health nurses.

The health centres in the District are being complimented by facilities in neighboring Districts such as the St. Patrick's Hospital at Offinso and Komfo Anokye Teaching Hospital. It is not easy to access these facilities due to the relatively poor nature of roads in the District.

The situation of human resource for health is gradually improving for all categories of nurses. However, there is still more room for improvement. The ratio of Nurse-Population Ratio is 1:2,637 which is below the national standard 1:1,350. The Physician Assistant-Population Ratio stands at 1:8,439. The District has no office for District Health Insurance Scheme making new registrations and renewals very difficult in the District.

f. WATER AND SANITATION

The main potable water facilities in the District are Ghana Water Company Systems, Small Town Water Systems, Boreholes and Hand-dug wells. There are 65 boreholes and 13 hand-dug wells in the District. Boamang, Kyerekrom, Amoako, Kwamang, Tetrem and Kyekyewere have small town water systems whereas Ahenkro, Denase, Akom and Nkwantakese have access to Ghana Water Company Systems. The District has potable water coverage of about 61.2 percent as at 2019 with an average distance of 284.0m. There is the need therefore to provide additional water facilities to close the gap and to meet the demand of the growing population. This also calls for the provision of additional water facilities in this era of COVID-19 pandemic.

There are 383 known household latrines and 37 communal toilets whereas pit latrines are the dominant household method of liquid waste disposal among most of the rural communities. In most of the rural communities, there is usually only one pit latrine for the whole community. The District has 12.1 percent access to improved public toilet facilities and 1.5 percent access to improved household toilet facilities with an average distance of 264.4m. There are no drains and culverts in most communities to manage household liquid waste. These inadequate sanitary facilities for the disposal of solid and liquid waste are the major causes of diseases like malaria, cholera and diarrhoea in the District. However, the District has Byelaws to regulate environmental management activities in the built environment.

g. ENERGY

Most occupied households in the District use firewood as their major source of domestic energy. With respect to electrification, all the major communities in the District are connected to the national electricity grid. The accessibility to electricity has created enabling environment for economic activities that require power to operate across the District without much difficulty. The virgin communities without electricity in the District include Duaponko, Abidjankrom, Oyera, Amponsahkrom, Sofialine and Prabon, however, the rest of the communities are in need electricity extension.

7. KEY ACHIEVEMENTS IN 2020

8. REVENUE AND EXPENDITURE PERFORMANCE

(a) REVENUE PERFORMANCE

The Afigya Kwabre North District Assembly budgeted an amount of GH¢480,400.00 for IGF for 2020 financial year. Out of this budgeted figure, GH¢259,514.63 representing 54.02 percent was actualized in August, 2020. This indicates that 54.02 percent achievement was recorded in 2020 from January to August for IGF Only. On the other hand, with all the sources of revenue, the Assembly projected to receive GH¢7,056,139.78, out of which GH¢2,848,372.28 representing 42.07 percent have been realized as at August, 2020.

PART B: BUDGET PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

1. Budget Programme Objectives

The management and administration budget programme objectives are:

- To ensure effective implementation of the decentralisation policy and programmes.
- To provide human resource planning and development of the District Assembly.
- To coordinate the development planning and budgeting functions of the Assembly.
- To improve fiscal revenue mobilization and public expenditure management.

2. Budget Programme Description

The management and administration programme is intended to support the implementation of decentralisation policy in the District through the provision of effective local governance, reducing spatial development disparities, improving fiscal revenue and expenditure management. The implementation of these programmes will be achieved through general administration, finance and revenue mobilisation, planning, budgeting and coordination, legislative oversights and human resource management.

The programme is being implemented and delivered through the offices of the Central Administration and Finance Departments. The various units involved in the delivery of the programme include; General Administration Unit, Budget Unit, Planning Unit, Procurement Unit, Statistical Service Unit, Management Information Service (MIS) Unit, Radio Unit and Records Unit, Human Resource Department, Information Service Department, Accounts Unit and Revenue Unit, and Internal Audit Unit.

A total staff strength of 31 is involved in the delivery of the programme. They include Administrators, Budget Analysts, Planning Officers, Procurement Officers, Statistical Officers, MIS Officers, HR Officers, Information Officers, Accountants and Revenue Officers, Internal Auditors and other support staff (that is Executive Officers, NABCO Personnel and Drivers). The Program is being funded through the Assembly's Composite Budget with Internally Generated Fund (IGF) and Government of Ghana transfer such as the District Assemblies' Common Fund (DACF) and District Assemblies' Common Fund-Responsiveness Factor Grant (DACF-RFG) and other Donor Funds.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 1: Management and Administration

SUB-PROGRAMME 1.1 General Administration

1. Budget Sub-Programme Objective

The sub-programme objectives of the General Administration are:

- To provide administrative support and ensure effective coordination of the activities of the various departments and quasi institutions under the District Assembly
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process
- To promote the efficiency and effectiveness of staff and assembly members' performance in the public services.

2. Budget Sub-Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the District Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security. The core function of the Sub-programme is to facilitate the Assembly's activities with the various departments, quasi institutions, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the District Security Committee (DISEC) is mandated to initiate and implement programmes and strategies to improve public security in the District.

The sub-programme seeks to perform the core functions of ensuring transparency and good governance in the District through the implementation of programmes, projects and activities undertaken by the eleven (11) departments of Assembly in order to ensure the effectiveness and efficiency in the performance of the District. The sub-programme is being delivered through the offices or units of the Central Administration. The various units involved in the delivery of the sub-programme include: ; General Administration Unit, Procurement Unit, Statistical Service Unit, Management Information Service (MIS) Unit, Radio Unit and Records Unit, Information Service Department and Internal Audit Unit

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly. Under the sub-programme the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is being led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is fourteen (14) with funding from GoG transfers (DACF, etc.) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-program are the departments, Regional Coordinating Council, quasi institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public. The main challenges this sub programme will encounter are inadequate, delay and untimely release of funds, inadequate office space, inadequate staff accommodation, inadequate vehicles and other logistics.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 1: Management and Administration

SUB-PROGRAMME 1.2 Finance and Revenue Mobilization

1. Budget Sub-Programme Objective

The sub-programme objectives of the Finance and Revenue Mobilisation are:

- To improve revenue mobilisation and management.
- To ensure effective utilisation of the resources of the District.

2. Budget Sub-Programme Description

The sub-programme looks at the fiscal revenue mobilisation and management by ensuring adequate public expenditure management. This is to ensure that adequate revenue is mobilised locally to realise the budget estimate for the year. The sub-programme is to be delivered through the Finance Department using the Treasury Unit and Revenue Mobilisation Unit. The Department will ensure the payment of compensation, allowances, charges and prepare other financial documents and reports necessarily to generate funds to the District.

There are eight (8) staff under the Finance Department to implement this sub-programme. The sub-programme is to be funded from IGF, DACF and GOG. It is expected that the sub-programme is to benefit the Finance Department, Other Departments/Units and the general public. The challenge faced by the Department in implementing the sub-programme include lack of permanent vehicle, inadequate office space for accounts officers, inadequate data on ratable items and inadequate logistics like rain coats, torchlight, identification cards and wellington boots for revenue mobilisation.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 1: Management and Administration

SUB-PROGRAMME 1.4 Legislative Oversight

1. Budget Sub-Programme Objective

The sub-programme objectives of the Legislative Oversight are:

- To ensure effective implementation of the decentralisation policy.
- To improve the co-ordination of Assembly Members in the delivery of public services.

2. Budget Sub-Programme Description

The sub-programme seeks to co-ordinate the activities of Assembly Members, Unit Committee Members and Area Councils Members to their communities. The will help to ensure free-flow of information and ensure immediate feedback to promote the decentralisation policy in the District. The sub-programme is being delivered through the Administration Unit of the Central Administration.

Under here, the report of the Executive Committee is eventually considered, approved and passed by the General Assembly into lawful District's programmes, projects and objectives for the growth and development of the District. The office of the Honourable Presiding Member spearheads the work of the Legislative Oversight role and ably assisted by the Office of the District Coordinating Director. The main unit of this sub-programme is the Area Councils, Office of the Presiding Member and the Office of the District Coordinating Director.

The sub-programme is being implemented with the support of five staff of the Central Administration Department (Administrative Unit). The sub-programme is being funded through the IGF, DACF and GOG. The beneficiaries of this sub-programme are the Administration Unit, Other Departments/Units, Assembly Members, Unit Committee Members, Area Council Members and the General Public. Efforts of this sub-programme are however constrained and challenged by the inadequate logistics to the Area Councils of the Assembly.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 1: Management and Administration

SUB-PROGRAMME 1.5 Human Resource Management

1. Budget Sub-Programme Objective

The sub-programme objective of the Human Resource Management is:

- To improve the capacity development of staff and assembly members in the District for effective delivery of public services.

2. Budget Sub-Programme Description

The sub-programme looks at providing training programmes for staff and assembly members in order to promote and improve the efficiency and effectiveness of the performance of the Assembly. It is to be delivered through capacity building programmes organised by the Human Resource Management Department. This will be achieved in collaboration with the District Planning Co-ordinating Unit and Consultancy Firms registered under the Local Government Service (LGS). The District Human Resource Manager is to ensure successful implementation of the sub-programme.

Major services and operations delivered by the sub-program include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System (HRMIS) which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies at the District.

The interned beneficiaries of this programme are staff from all the Departments/Units, Assembly Members, Unit Committee Members, Area Council Members and other stakeholders. Under this, only one (1) staff will carry out the implementation of the sub-programme with main funding from IGF, DACF and DACF-RFG. The work of the human resource management is challenged with inadequate staffing levels, inadequate office space and logistics.

3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the Human Resource Unit measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Unit's estimate of future performance.

BUDGET PROGRAMME SUMMARY

PROGRAMME 2: INFRASTRUCTURE DELIVERY AND MANAGEMENT

1. Budget Programme Objectives

The programme objectives are:

- To improve and accelerate housing delivery in the District.
- To create and sustain an efficient and effective transport system that meets user needs.
- To provide adequate, reliable and affordable energy to meet the needs of the District.
- To accelerate the provision of adequate, safe and affordable water.
- To accelerate the provision of improved environmental sanitation facilities.

2. Budget Programme Description

The infrastructure delivery and management programme is to provide the services of quality housing delivery, efficient transportation system, adequate energy supply, ICT infrastructure, potable water supply and improved environmental sanitation facilities. The two main Departments tasked with the responsibility of delivering the program are Physical Planning and Works Departments. This programme will be implemented through physical and spatial planning, and infrastructure development.

The Spatial Planning sub-programme seeks to advise the District Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the district are undertaken in a more planned, orderly and spatially organized manner. The Department of Works of the District Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit, of the Assembly and responsible to assist the Assembly to formulate policies on works within the framework of national policies.

The programme is implemented with funding from IGF, DACF, GOG and other Donor Funds of the Assembly. The beneficiaries of the program include urban and rural dwellers in the District.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 4: ECONOMIC DEVELOPMENT

SUB-PROGRAMME 4.2 Agricultural Development

1. Budget Sub-Programme Objective

The sub-programme objective of the Agricultural Development is:

- To improve agriculture productivity through sustainable agriculture financing.

2. Budget Sub-Programme Description

The sub-programme seeks to enhance food security through the provision of adequate financing and the promotion of food crops. This services will be delivered by 17 technical staff of the Agriculture Department with funding from IGF, DACF, GOG, and Donor Funds from Canadian International Development Agency (CIDA). In improving agriculture productivity in the District, the Department has initiated the Planting for Food and Jobs (PFJ) and Planting for Export and Rural Development (PERD). This is to increase productivity and total production and improve food and income distribution to vulnerable groups and enhance nutrition of Communities, General Public, the Agriculture Department and the Other Departments. It aims at benefiting the general public especially the rural farmers and dwellers. Key challenges include inadequate staffing levels, inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.
